

Municipality	Firewood Regulations
Illinois municipalities	
Darien	Not addressed
Downers Grove	A firewood pile shall not be located within any required yard, or in any side or rear yard drainage or utility easement. A firewood pile shall not exceed four feet in height, eight feet in side length, and shall not exceed 32 square feet in total ground or base area. The firewood shall be neatly stacked in the firewood pile.
Hinsdale	Approved wood: Seasoned dry firewood of dimensions appropriate to safely fit within the approved container (a commercially manufactured device specifically designed, intended, advertised, and utilized for the purpose of campfires, such as chimeneas and outdoor fireplaces. Such container must be located aboveground and in no event shall be built into the ground or located below grade). In particular, but without limitation, approved wood shall not include any green or fresh materials; nor shall it include any leaves, grass, bushes, roots or other similar materials, nor shall it include any construction materials, such as treated woods, plywood or pressure treated wood, or any other materials which produce excessive smoke, cinders or other emissions characteristics of non-seasoned wood.
Clarendon Hills	Not addressed
Elmhurst	Not addressed
Naperville	Not addressed
La Grange	Not addressed
Des Plaines	Firewood. In no instance is the above code section (storage) intended to prohibit the storage of firewood. Firewood is defined as logs or kindling materials, not exceeding 24" in length and suitable for use in a fireplace or other wood-burning appliance. Firewood must be neatly stacked. Firewood shall not include pressure treated lumber of any type; wood-framing components of any size that exceeds 24" in length, or glue laminated lumber components, such as plywood.
Elgin	Permitted in residential division: "Residential outdoor storage of firewood."
Glencoe	Storage. Outdoor storage shall not be allowed as an accessory use, except as otherwise expressly permitted by this Code and except for the outdoor storage of materials such as firewood, compost and mulch. Screening requirements shall not apply to stacked firewood for use by single family dwellings.
Hanover Park	Stacked firewood is allowed in corner side and side yards. Stacked firewood shall not be located or store in the front yard including that area between the building and the front yard of any residentially zoned property.
Romeoville	Outdoor storage of firewood permitted in rear and side yards.

Non-Illinois municipalities	
Green Bay, WI	<p>Firewood: Wood shall not be considered rubbish where it is stored for residential use under these terms and conditions: No firewood shall be permitted in a front yard. Firewood may be stored in a side or rear yard only in the following manner:</p> <ol style="list-style-type: none"> 1. Stacking: All firewood shall be ranked and well stowed, with due regard to stability. 2. Height: Firewood stacks shall not be in excess of 4' in height unless such stack is adjacent to and amply supported by a fence or structure. Where the firewood is so supported, the stack shall not be in excess of 6'. 3. Setback: No firewood shall be permitted within 4' of an adjoining property line, unless the firewood is stored in a box or building.
Oakdale, MN	<ul style="list-style-type: none"> ● All firewood shall be neatly stacked. ● Stacks of wood shall be elevated at least 4 inches above the ground. ● All firewood shall be stored in the side and rear yards only. No storage allowed in front yard. ● Stacked firewood shall not encroach on any easement. ● The rules do not apply for wood stored inside a building, nor do they apply to the temporary storage of logs, for up to 30 days, for the purpose of splitting, cutting or stacking. ● It is recommended that woodpiles be at least 10 feet from any building.
Olathe, KS	<p>(c) Firewood, neatly stacked, provided that such storage shall not occur at any location on the property that is closer to a street than the nearest primary wall surface of the residence. For the purposes of this section, 'primary wall surface' shall mean any exterior wall surface of the residence that is visible from the street and not perpendicular to the street, but excluding porches, carports and minor building projections such as fireplaces or bay windows.</p>
